Your art. Our programs. So simple.

In 1989, we created the first art-based fundraising program for schools. 25 years later, our programs serve thousands of schools and reach hundreds of thousands of students each year, raising millions of dollars to support educational and extracurricular activities.

See Before You Buy Programs

- Our See Before You Buy programs offer the opportunity for families to receive a Preview Magnet produced from their child's artwork before placing orders. Families may pay for and keep the magnet, return it without obligation and/or place orders for other products.
- In our **Standard See Before You Buy** program, artwork is submitted for production of the magnets and then again for production of the orders. Artwork remains at the school between the magnet and order phases, which is an important feature for many schools.
- With **Single Step See Before You Buy**, all artwork is submitted just once and is then sent home in the family packet along with the preview magnet, brochure and family letter. This streamlines the process and reduces the organizational workload because only the completed order forms are submitted during the order phase.
- Both programs earn terrific profits of 33% on the Preview Magnets and Orders. Completed orders are delivered in 12 business days or less — fastest in the industry!

Original Program

- Create artwork as part of the school curriculum or use one of our free lesson plans.
- Submit orders and artwork **just one time!** Completed orders delivered in 12 business days or less — fastest in the industry!
- Place additional orders and **continue to earn a full 33% profit.**

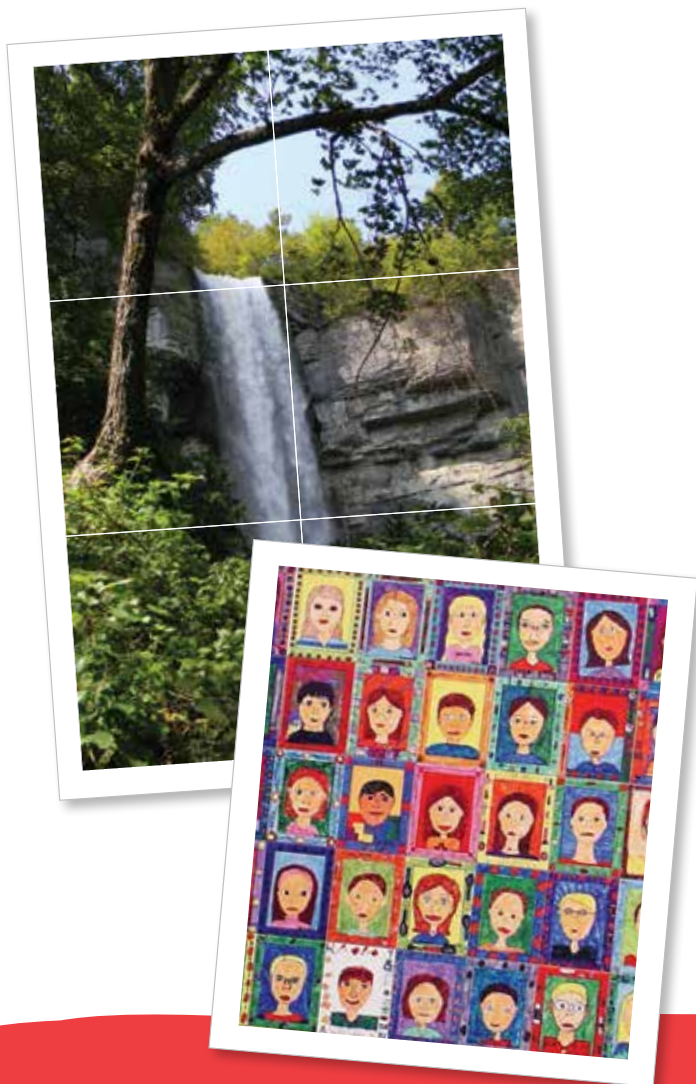

Online Gallery Program

- **The Gallery:** We develop a customized art gallery specifically for your school or organization. Each child's masterpiece is "hung" in the gallery, allowing families and students to take a "virtual" tour.
- **The Virtual Product:** Families view products featuring their child's artwork, allowing them to see the product before they order.
- **Electronic Ordering:** Orders are placed online using a credit card or e-check. This eliminates coordinator order handling and payment collection. Detailed order report displays purchases and total profit.
- **33% Profit:** All initial and future orders placed through the gallery will earn a profit of 33%.

Tile/Mural Wall Programs

- Create colorful Tile Walls featuring each child's artwork or a Tile Mural from a single work of art, photograph or logo.
- Earn profits of 50% or more!
- Choose from 4 1/4" x 4 1/4", 6" x 6" or 6" x 8" high-gloss ceramic tiles.
- All tiles are UV resistant for lasting durability. Designed for use on internal walls only.
